No refunds will be provided after three (3) weeks.

## Badge Testing

As a member of Learn to Skate USA, we evaluate each skater based on the Learn to Skate USA curriculum and will conduct Badge Testing at the end of each session. Students will earn badges based on their progress. Also, skaters will continue to receive Testing books, however going forward they will be mailed directly to your home from Learn to Skate USA as part of welcome package once registration has been paid.

The cost for Badges are \$2.00

## Hockey Skating Skills – Winter Session only

*Hockey Fundamentals:* This curriculum is designed to teach the basics of recreational and hockey skating to skaters with little or no experience. In this class, the skaters will learn the skills they need to successfully maneuver on the ice. All elements will be taught **without a stick or puck**, as the focus of this class is on proper skating techniques, not on the game of hockey itself.

## Skates & Helmets

For students looking to buy new skates, we *recommend* *Cooke's Skate Supply* (978-657-7586); *The Sharper Edge* (978-535-9918) and *Woody's Pro Shop* right at the rink (978-535-1175). **Rentals are also available at Woody's each week.**

Skates should be sharpened with a ***hollow ground*** even if they are new skates. This can be done right at *Woody's Pro Shop*.

Helmets are required for all skaters ages 4-10 years old or until they have passed Basic 4. Skaters will not be allowed on the ice without a helmet. For Hockey classes helmets are mandatory for ALL levels, no matter what age.

## Injury Waivers

The Peabody Skating Club registration form includes an injury waiver. **It must be signed and returned in order for your child to participate.**
